OUR HOMES

Riverside Gardens Estate is a fully developed village with only pre-loved homes for sale.

What does it cost?

The cost of homes depends on several factors such as size and location within village.

Current weekly site fees start at \$175. Your site fee includes the use and maintenance of all community facilities as well as council and water rates. Centrelink offers rent assistance which acts as an effective subsidy on the amount payable.

Ongoing costs are your services of electricity, mains gas and water consumption which are metered to your house plus house insurance and general maintenance and repairs to your home.

WHAT OUR RESIDENTS SAY

"There is friendship for those who want friends; there is entertainment for those who want to be entertained; there is peace and quiet for those who want solitude. For those who want to travel they will know that their unit is safe and that the village is secure – this gives peace of mind" – Maria and Andrew
