Homebuyers will be able to choose from a range of floor plans, facades, home sizes and price points, so that you can choose a home that best suits your needs, style, and lifestyle.

What does it cost?

The cost of homes depends on several factors such as size, location within the village and whether it is a new or pre-loved home.

Your site fees will be outlined in your residential site agreement and include access to all village facilities and services. Centrelink offers rent assistance which acts as an effective subsidy on the amount payable.
